

Memorandum

To: All EMS agencies in Erie and Wyoming Counties

From: Scott Wander, EMS Director

Re: WREMAC Directive

Date: September 30, 2010

The Western Regional Emergency Medical Advisory Committee (**WREMAC**) has directed the Office of Prehospital Care to collect basic demographics of each provider who is a member of an EMS agency in Erie and Wyoming Counties.

The WREMAC seeks to obtain the following information for each provider:

- NAME, and
- EMT #, and
- LEVEL OF CERTIFICATION

Providers should not respond individually! The WREMAC directive is for one complete list from each EMS agency.

Agencies may submit this information to the Office of Prehospital Care via e-mail, by **November 1, 2010**. Our e-mail address is: OPC@ecmc.edu

Please contact the Office of Prehospital Care at (716) 898-3600 with any questions regarding this WREMAC directive.
