Emergency Department Entrance

Buffalo Mercy Hospital will begin construction of the new Emergency Department (ED) in the near future. In anticipation of the construction, the ED ambulance entrance will be relocated, beginning at 07:00 hours, on December 22, 2008.

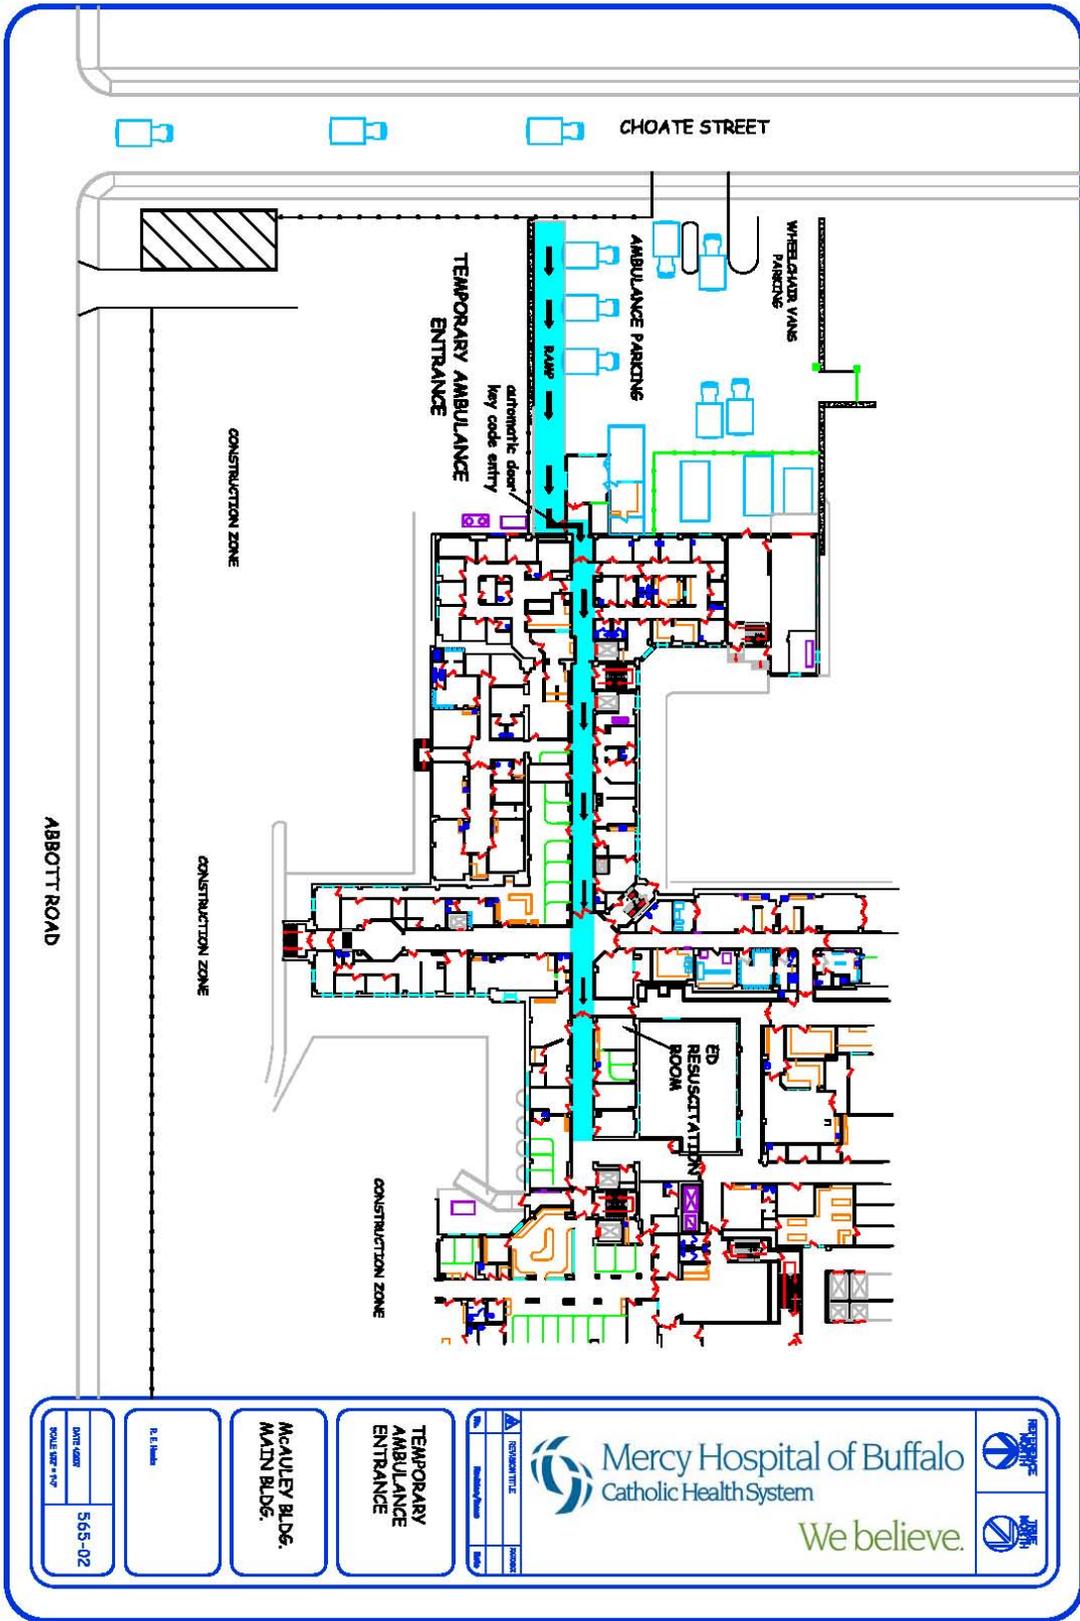

At that time, you are requested to deliver ambulance patients to the Choate St. side of the Hospital. The temporary entrance will be staffed by a security guard.

The entrance door is controlled by a key pad.

A map is attached to display the access for ambulances and the path to deliver patients to the ED while construction is underway.

If you should have any questions, please contact me at the E.M.S. Office at 681-6070.
